HOW DO I HAVE THIS CONVERSATION WITH MY TEEN?

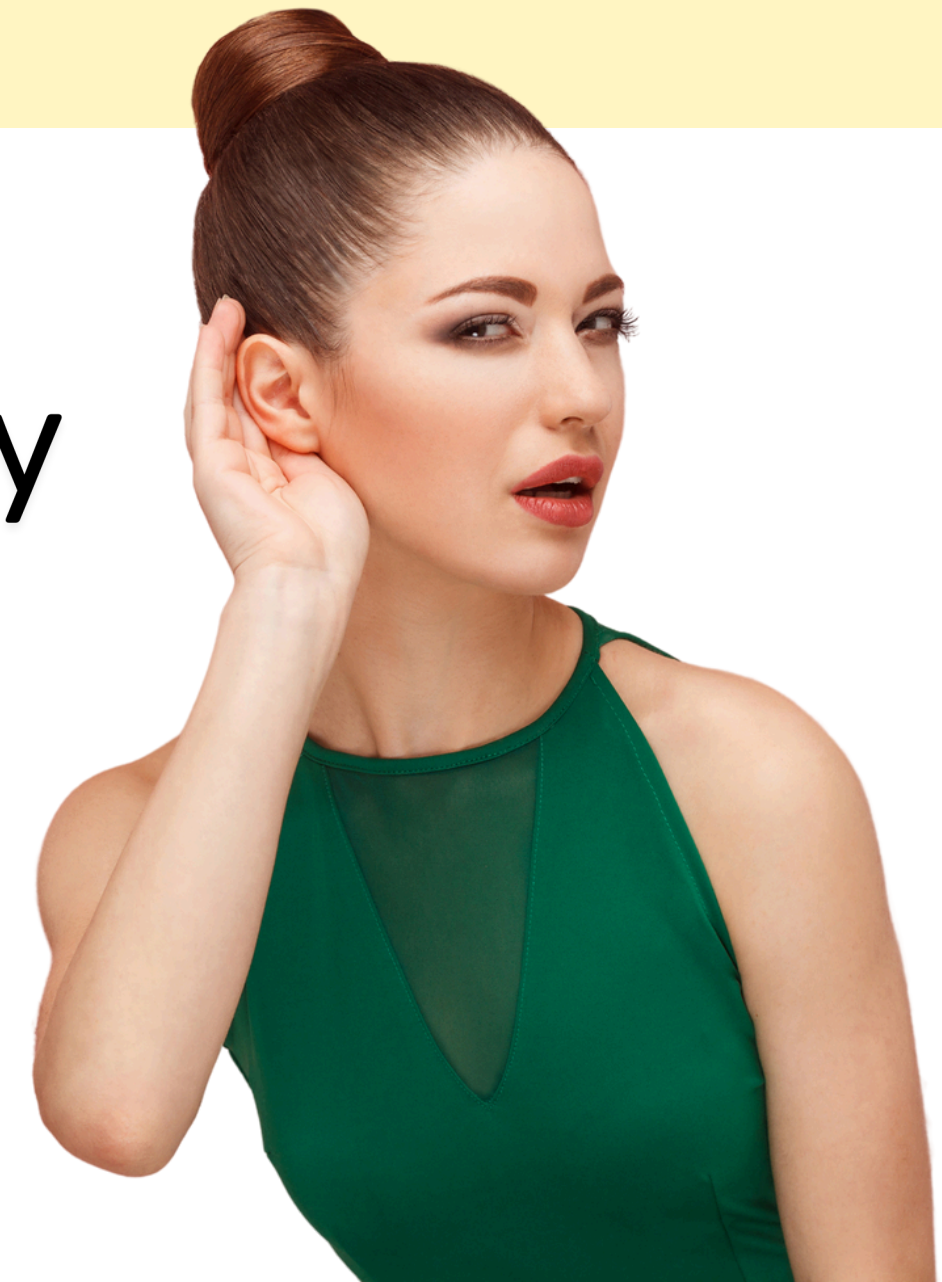

What to Expect:

- understand their 'why'
- inquiry: sense of 'self-value'
- discovery: finances & money
- elicit their goals (short and long)
- wisdom vs opinion.

UNDERSTAND THE WHY

ALLOW YOUR TEEN TO TALK TO YOU

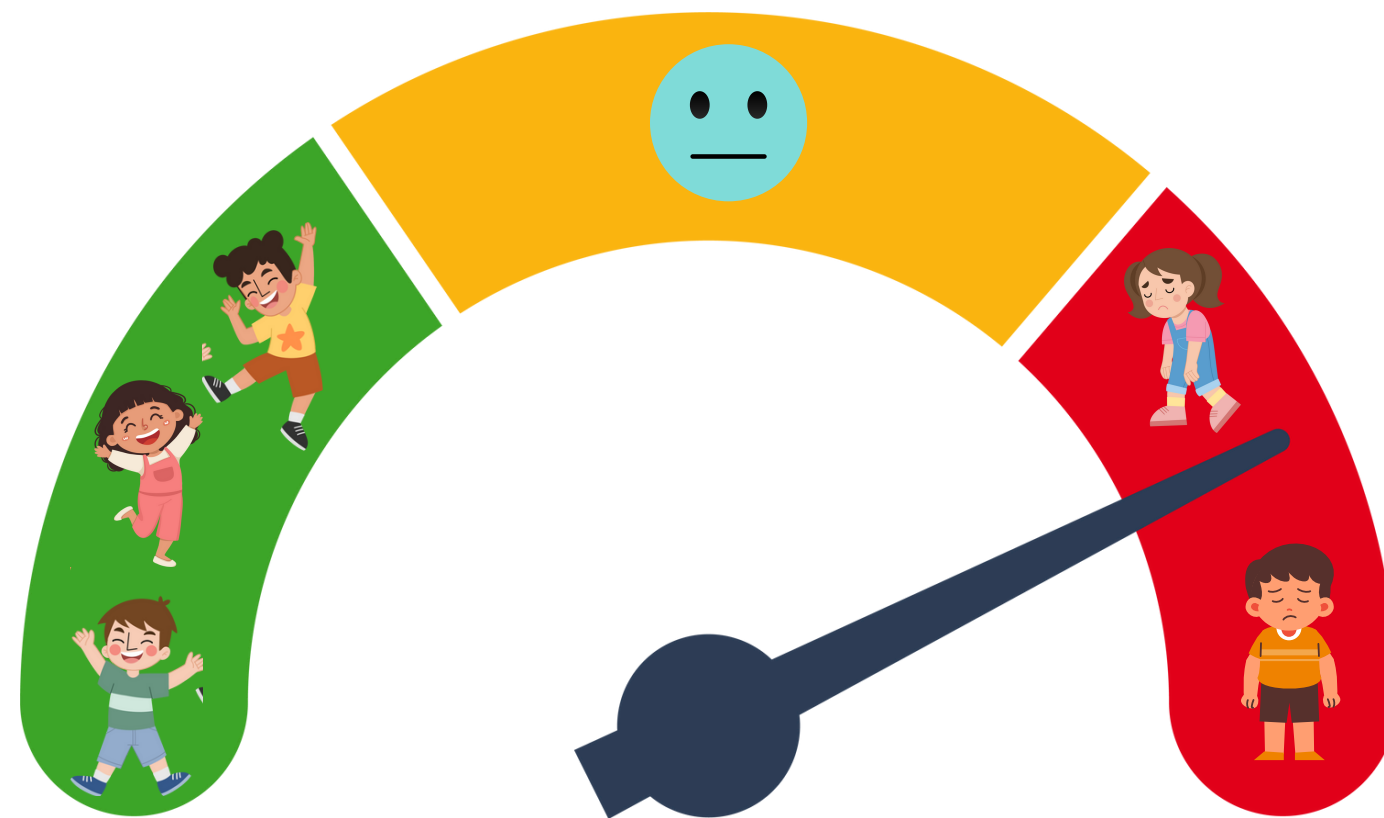

Listen to why s/he wants to marry
rich versus enrolling in uni.

don't make
ASSUMPTIONS
about their future
success

INQUIRE ABOUT THEIR SENSE OF **SELF-VALUE**

- Do a self-identity & self-worth dial check.

parental CONCERNS

have the potential to

shut down

communication with your teen

DISCOVER & UNWRAP THEIR MINDSET AROUND FINANCES

What does money mean to them today, when they graduate, and when they grow elderly?

don't let your

CONCERNS

make their needs

undervalued

HELP TO ELICIT YOUR TEEN'S SHORT & LONG GOALS

- Use strategies to help your teen design a life goal strategy.
- Include topics such as: finance, health, travel, education, career, wellbeing

let your teen

OWN

the choices they make

&

offer your emotional support

OFFER THEM WISDOM

NOT OPINION

FIND THEM THE RIGHT MENTORS TO TEACH THEM...

- financial literacy
- legal rights & marital laws
- social intelligence
- self-awareness
- self-confidence
- how to choose a spouse

your teen
IS A YOUNG
PERSON

shaping their future

will you be an ally?
